

NEED A DOOR IN A HURRY?

An age-old question we asked back in 1984 when this ad first appeared in *Doors & Hardware*. With it, we introduced you to Karpen Steel's quick ship program. Today, as we celebrate our 30th anniversary, we're proud to share a piece of our history with you.

Now, more than ever, when you need a door in a hurry, you should call Karpen Steel.
